1. Introduction

1.1. Purpose

In keeping with its core values, VTCT is committed to providing an excellent service to its approved centres offering ITEC and VTCT qualifications. From time to time we may fall short of our high standards and it is important that those affected have an effective means of bringing this to our attention with an expectation of resolution.

The complaints policy:

- defines what constitutes a relevant complaint;
- indicates which other policies and procedures might be more appropriate;
- sets out the process for making a complaint to VTCT;
- explains the steps taken to resolve complaints;
- gives the timescale for each part of the process;
- aims to ensure that complaints are handled within a reasonable timescale and in a consistent manner;
- explains how to escalate a complaint to the relevant regulator.

A complaint is an expression of dissatisfaction with an aspect of the service provided by your centre or awarding organisation, which is deemed to have fallen below your expectations and our own standards.

Customers who wish to complain should make sure they follow the relevant policy and procedures. Issues relating to assessment decisions should be addressed using the Enquiries and Appeals Policy and Procedure, and others may be covered by the Malpractice and Maladministration Policy and Procedure. Reference to the following policies may also be useful:

- the Centre Agreement;
- the Whistle-blower Policy;
- the Sanctions Policy.

All policies are available on the VTCT and ITEC websites. Complainants who are unsure of the correct policy and procedure to follow should contact the awarding organisation at our head office for advice.

Where an associated investigation identifies a rectifiable problem, VTCT takes all reasonable steps to:

- identify any other learner who has been affected by the issue;
- correct, or where it cannot be corrected, mitigate its effect as far as possible;
- take steps to ensure that the issue does not recur in the future.

Complaints should be made by the centre/person(s) directly affected by the matter, or a person acting on their behalf, with their written permission.

VTCT aims to deal with complaints reasonably, to the customer's satisfaction and as quickly as possible. Complaints can normally be resolved informally. If this is not achieved, a formal complaint must be raised without delay and by no later than 20 days after the occurrence of the issue which gave rise to the complaint.

1.2. Scope of the policy

This policy is provided for the use of:

- learners who are or have been registered for VTCT or ITEC qualifications;
- personnel with responsibilities for managing, delivering, assessing and quality assuring qualifications in approved centres offering VTCT or ITEC qualifications;
- members of the public accessing our services; who wish to make a complaint in relation to the qualifications and associated services offered by VTCT or one of its approved centres offering ITEC or VTCT qualifications.

1.3. The regulators

1.3.1. Regulatory requirements

This policy addresses the requirements of the relevant regulatory authorities' criteria.

1.3.2. Situations brought to our attention by the regulators

Where the regulators notify us about failures that have been discovered in the assessment process or other activities of another awarding organisation, we will review whether or not a similar failure could affect our own processes and arrangements.

1.4. Responsibilities

VTCT personnel are required to follow the related procedures in order to deal with complaints as transparently, consistently and effectively as possible.

Centres are responsible for ensuring that all personnel involved in the management, delivery, assessment and quality assurance of VTCT and ITEC qualifications are fully aware of the policy and conversant with the related procedures.

Centres must have their own internal complaints policy and procedures in place to deal with complaints from learners and members of the public, and must provide easy access to them. The centre's own complaints procedures must be exhausted before a complaint about a centre is raised with VTCT. Failure to have its own complaints policy and procedures or to make them available to learners constitutes a breach of the centre agreement.

1.5. Confidentiality and data protection

In following this process an individual might provide us with confidential information, and during our investigation we may need to request information of a confidential nature. Complainants are assured that VTCT complies fully with data protection legislation at all stages. We ensure that confidential information is kept securely and used only for the purposes for which it is intended.

1.6. Anonymous complaints

Anonymous complaints cannot be considered. VTCT will note their contents and may seek to verify them if this is possible and appropriate. We may include related information in our review activities.

1.7. Review arrangements

This policy is reviewed annually as part of VTCT's self-evaluation activity, which includes consideration of customer and regulatory feedback and good practice guidance. A policy review may also be triggered as an action resulting from the outcome of the investigation of a complaint.

2. Process for making a complaint

The following pages set out the process for making a complaint to VTCT. A process flowchart is set out in section 10, and timescales are provided for each stage.

There are two stages to making a complaint, complaints will follow either 1A or 1B dependent on their complaint.

- Stage 1A – following the centre's complaints procedures;
- Stage 1B – making an informal complaint to VTCT;
- Stage 2 – making a formal complaint to VTCT.

Complainants should normally have exhausted the centre's own complaints procedures before referring a matter to VTCT. Exceptionally, learners may make the complaint direct to VTCT if they consider it is not appropriate to raise it with the centre. VTCT will refer the complainant back to the centre in the first instance if it deems this is appropriate.

Formal complaints should be submitted using the form provided at the end of this document, and should include the information listed below. If any of the information below is not available a statement to that effect should be made so that the form is not returned as incomplete.

- The centre's complaints policy and procedures.
- The outcome of the centre's investigation of the complaint.
- A statement of the circumstances and facts surrounding the complaint.
- Copies of any correspondence regarding the complaint.
- Written statements from all parties concerned.
- Any material relevant to the complaint.
- Any other supporting documents relevant to the complaint.
- Outline of the reason for dissatisfaction with the centre's decision.
- Outline of the reason for dissatisfaction with the outcome of the informal stage of the complaint to VTCT.

VTCT reserves the right not to accept or process complaints which are deemed to be frivolous, vexatious or malicious. If we consider that a complaint falls into this category, we will let the complainant know that this is our judgement, setting out the reasons and making it clear that we will no longer communicate on the matter.

3. Process

Dependent on the complaint, you will either follow stage 1A for complaints about the centre or 1B for complaints against VTCT, if the complaint is not resolved it can be escalated to stage 2.

Stage 1A – The centre’s complaints policy and procedure

- The complainant raises their complaint at the centre which delivers the qualification.
- The complaint is handled in line with the centre’s policy and procedure.
- The complainant may proceed to stage 2 if not satisfied with the outcome.

Stage 1B – Informal complaint against VTCT

- The complainant raises their complaint informally by email or telephone with the member of staff responsible for the related issue.
- The member of staff aims to resolve the matter to the complainant’s satisfaction and communicate this to the complainant within 7 days.
- If the complainant is not satisfied, they may ask for the complaint to be referred to a manager from the relevant department.
- The manager will aim to resolve the matter to the complainant’s satisfaction and communicate this to the complainant within 7 days.

Stage 2 – Formal complaint

- If the matter has not been resolved to the complainant’s satisfaction, the formal complaints policy may be triggered by completing and submitting the complaint submission form provided at the end of this document within 20 days of the date the matter arose. Additional information is not normally accepted after submission unless it was not originally available and is considered to be highly relevant to the complaint. If at any point the complainant or others involved in the complaint wish to be legally represented in relation to any aspect of the complaint, VTCT must be informed. VTCT reserves the right to be legally represented and to act upon legal advice.
- Upon receipt of the completed complaint documentation, VTCT will:
 - acknowledge receipt and log the complaint within 7 days;
 - allocate the complaint to a member of the team who has no involvement in the related issue;
 - investigate the complaint. We will contact you if we wish to seek further information or a meeting at this stage;
 - provide a decision to the complainant within 14 days of receipt, outlining proposed remedial action. If this involves the imposition of a centre sanction, the centre will be notified at the same time. In complex cases the timescale may be extended by 14 days. We will let you know if this is the case.
- If you remain dissatisfied with the decision at this stage you may ask for it to be reviewed by a senior manager.

- A VTCT senior manager will review the complaint and report their decision to you within 14 days of referral. If this involves the imposition of a centre sanction, the centre will be notified at the same time. This decision is final and the complaints procedure has been exhausted.
- If any part of the complaint is upheld VTCT will:
 - consider the implications for the improvement of services and procedures and agree actions;
 - advise the complainant, and centre if relevant, of proposed remedial actions.
- Remedial actions will be proportional to the matter under consideration, and may include:
 - an apology, e.g. for poor service;
 - an explanation of how the matter will be improved;
 - review of and improvements to policies and procedures;
 - imposition of centre sanction(s);
 - staff training and development.
